ELIS FSEIS - Chapter 1+2 (Submitted to EPA for review) EPA review complete 92616.docx

Hi Bernward, responses below: 6 and 7 in separate email.

I think we need to discuss chapter 2 also. Make sure you are all set with my comments.

Dear U.S. EPA,

We love to fish and swim in Long Island Sound and would love to do that in the cleanest water possible. We have managed to get most toxins out of our home by making our own cleaners and personal care products to keep our bodies and the environment clean and healthy. After all of our hard work, we don't want to go swimming in contaminated water or eat fish from it.

We oppose dumping dredged material in Long Island Sound! Please reject the extension of the CSDS and NIDS and establishment of a Niantic Bay Disposal Site.

We hope that you do not follow through with your plan to open a new dumpsite and extend the life of two existing sites in Long Island Sound, and instead support beneficial reuse of dredged material as a safer alternative to open water dumping. Please keep the water safe, especially for my child! Thank you!

Daniel
